EN DayBreak [Forever] v.0.3.1

The sounds of the daybreak 24/7; A perpetual sonic sunrise. The installation uses the streaming network of locusonus.org, switching between "open microphones" at various locations around the planet, ceaselessly tuning into the audiostream situated closest to the day breaking. The placement of the installation is arbitrary, the location of the listener is relative, the time of the daybreak is absolute.

IS Dagrening [ad infinitum] v.0.3.1

Hljódrás sólarupprásarinn 24 tíma á sólarhring. Vélin skiptir milli opinna hljóðnema vídsvegar um jörðina við dagrenningu á hverjum stað. Dagrenning í sífellu. Staðsetning innsetningarinnar og áheyrandans er handahófskennd og afstæð; tímasetning dagrenningarinnar er algild.
